Old Business

June Conference was great, and it was really nice to be back in person again. The speakers were great and we had quite an experience taking shelter from tornados in the area. The hotel has some issues, but all in all it was a great conference.

New Business

Joyce mentioned she would like to do a workshop in the fall. They looked at all dates available and decided on Oct. 29. A group volunteered to be on a committee to plan this event and locate a venue. Committee members include: Joyce, Terry, Chery and Jean.

We did minimum group reports so we had time for Terry to give her report from the WSO Conference she attended in New York in April. She gave us insights on how the conference works and how the WSO works. The biggest thing they passed this year was the new Area 68 for Global Area Electronic Meetings.
