Area assembly report presented available on line.

It was proposed that separate WIS meetings be eliminated and that WIS continue as an agenda item at district meetings. Any member attending district automatically becomes a WIS member and eligible to vote on anything WIS needs.

Local public outreach is channeled through the district where ever possible, page 54, Al-anon service manual. Before WIS will register Al-anon as a participant in any future conference or event, the chair will need a firm commitment from a group to set up and man the table at the event, usually 3-4 months in advance.

WIS treasurers report was given. Sandwiches were donated for assembly.

WIS will continue to support financially, with volunteers for the answering service, and the Al-anon Wichita.org website. Also paying for the phone located at literature distribution center. In addition, WIS will financially support any conference for which there is a firm commitment from a group. Social work conference is in March. Announced in October coming in December. Manager position for WIS is a volunteer. January alternating years is nurses' conference. Outreach at KS Al-anon.org. Public Outreach Project 2017. Since there will be no separate meeting it was further recommended consolidating management positions as follows: a chair/coordinator for website and answering service. A manager for the LDC and one treasurer for LDC and WIS.

M&M groups discontinued. It was a good experience.
